Details of what is included in our prices...

We have a 5 mile free delivery radius of BH6. We do deliver to many areas and will charge a pre arranged delivery fee depending on the address of the party.

All prices are inclusive of our Cath Kidston style table coverings, plates, cups, straws, serviettes and serving platters if you are within our 5 mile free delivery area and we return to pick these up. Outside of this we ask you to choose a party pic-nic box option that can be dropped to your party venue.

If you are outside of our free delivery area and wish to still borrow our equipment with your food order then we can arrange a delivery fee to you and then get you to drop our equipment back to us.

Please note that we base our children's portion sizes on ½ a round of sandwich per child. This is based on our professional opinion as caterers for children, however, if you feel you would like to increase the portion sizes we can certainly accommodate for this.

Don't forget we have party bag options too!!!

We pride ourselves on taking the stress away from you as parents at your child's birthday celebrations... if there is anything we can help with, please don't hesitate to ask.

Little Munchkins quietly diversifying...

School Fund Raising opportunities – we are very active at our children's school helping to raise funds and have now started to offer to help with other schools, for example:

Parents Chilli Night – a get together over drinks and music and we supply our home made chilli... we will pre prepare and bring to serve at your chosen venue. Accommodating meat eaters and veggies alike, we will supply everything you need to enjoy an all round get together whilst raising funds for your school or charity.

Adult Party Food – from your traditional buffets, afternoon tea to more delicate party bites to accompany any get together.
